The Most Eagerly Awaited Action Game of the Year!

Aliens aren't your only worry—your former comrades are on your case, too!

A failed experiment has turned an old missile base into a maze of monster fodder.

FEATURES

- Licensed technology from id Software
- Dozens of aliens
- 16-bit color
- Smooth skeletal animation
- Up to 31 online opponents
- 3D and MMX support

Half-Life™

A decommissioned missile base infested with aliens. Not the typical suicide squads just waiting for you to finish them off. Aliens with brains. Their intelligence may be artificial but, hey, it's enough to make them think. And these aliens think they want to live. Which pretty much means killing you. What's worse, they're working together in packs to hunt you down and fry your butt.

But don't worry, you still have a good head and a strong pair of shoulders. If you're smart enough to keep one firmly attached to the other long enough to put your firepower to work, you just might get through this thing alive. Coming soon. Reserve your copy now.

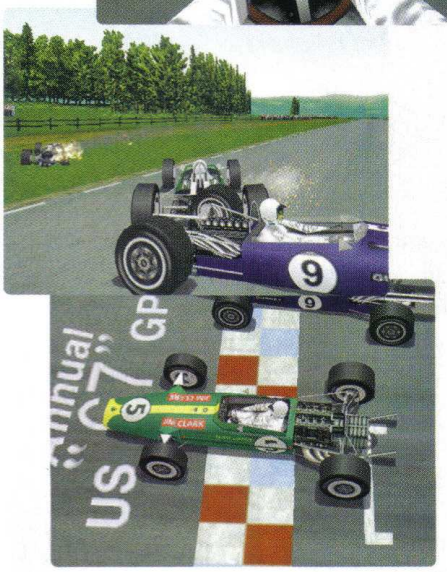
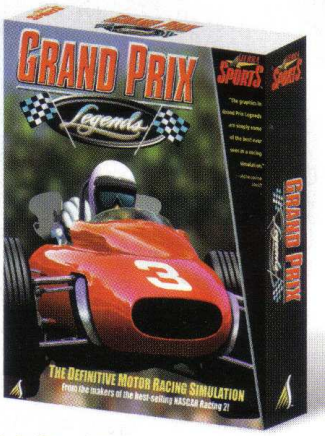
Race the Legends of Grand Prix

Cars can leave the ground, cart-wheel and even flip!



Drive authentic GP racecars like the Lotus 49, Eagle T1G, BRM P115 or the Brabham BT24.

Grand Prix Legends™



Now there's a racing sim that puts you behind the wheel of an open-wheel racecar for some of the most intensely competitive racing in Grand Prix history. The 1967 season is the setting. Eleven historic tracks, including Nurburgring, Monaco and Spa, are narrow, lined with trees, houses and spectators. You sit mere inches off the ground as you blast through every twist and turn of the track, struggling to achieve the fine balance between speed and danger. G-forces convey bumps, elevation changes and cornering forces. Lose control and a fiery explosion erupts on impact. Stay focused and you'll race to the finish line in ***Grand Prix Legends***, the simulation that combines the golden age of racing with cutting-edge 3D technology.

FEATURES

- Revolutionary physics engine creates the most realistic racing ever
- Stunning 16-bit graphics with native 3Dfx and Rendition support
- Race against the actual cars and drivers of the 1967 Grand Prix circuit
- Realistic 3D cockpit includes a fully animated driver
- Race Nurburgring, Monaco, Spa, Zandvoort and more

The Best Selling WWI Combat Flight Sim

Red Baron 3D

Return to an era when man and machine first took to the skies in up-close battles of skill and tactics. Daring men flew on nine parts courage, one part technology. Aces faced each other at distances measured in yards, not miles. From raging dogfights above the clouds to deadly strafing runs along the war-torn countryside, ***Red Baron 3D*** delivers close range dogfighting at its best.

This new, upgraded version adds support for 3Dfx graphics to create a world so real it requires an extra dose of courage just to step into the cockpit. More realistic textures improve the appearance of planes, buildings and explosions, and create enhanced smoke, fog and glare effects. And improved cloud effects and ground terrain provide a more realistic sense of altitude and speed.

Features 3Dfx graphics support for the most realistic terrain detail available.

You can fly 22 different vintage aircraft in single missions or Campaign Play. An innovative mission generator generates ever-changing missions and a unique mission builder lets you create your own aerial challenges. Includes user-defined difficulty levels for players of all skill levels. ***Red Baron 3D*** also delivers new, massive multiplayer Internet dogfighting action with built-in scoring and tournament ladders. Quest for Glory Returns!

Coming Soon!

Embark on a quest to save Silmaria from a prophecy of doom.

Quest for Glory® V: Dragon Fire™

Welcome back to the world of Quest for Glory. The island kingdom of Marete is a world marked by subtle beauty and great danger. In Silmaria, the silver city by the sea, the Ruler has been murdered by the hand of an unknown assassin. The island has been invaded and not even the fortress walls can keep Silmaria safe from the assassin's poisoned dagger. A centuries-old prophecy of doom foretells of this, and more. If a hero does not step forth soon, all will be destroyed.

Features stunning panoramic graphics and cinematic camera tracking.

Quest for Glory V: Dragon Fire marks the final chapter in one of the most popular action-adventure role-playing series of all time. It builds on the past success of the series while adding whole new levels of action, adventure, suspense and magic. Original game designer Lori Cole's unique story reintroduces some of the series' most popular characters and lets you customize a character's skills and abilities.

Stunning 3D-modeled characters, rich panoramic graphics and cinematic camera tracking will make ***Quest for Glory V: Dragon Fire*** the most impressive Quest for Glory experience yet. You can even hook up with other adventurers on the Internet. Reserve your copy now!
