This adventure provides a chance to relive one of America's most exciting, colorful eras. It's action packed fun in the tradition of the King's Quest Series.

3 ADVENTURES IN ONE!

There are also geographical barriers like changing climates, and severe heat that will challenge even the most experienced frontiersman.

Expedition Three sets you off on an unpredictably treacherous path as a seafarer. You'll take a long, perilous journey from the East Coast down to the tip of Cape Horn, and the final leg North to California. True mariners will love the challenge of combatting scurvy, starvation, and the unexpected dangers of the deep in a true test of navigational skills.

This adventure will enrich your understanding of life on the American frontier. GOLD RUSH! gives you a firsthand look at lifestyles of the early

nineteenth century as you participate in the events that shaped that era.

Police Quest I

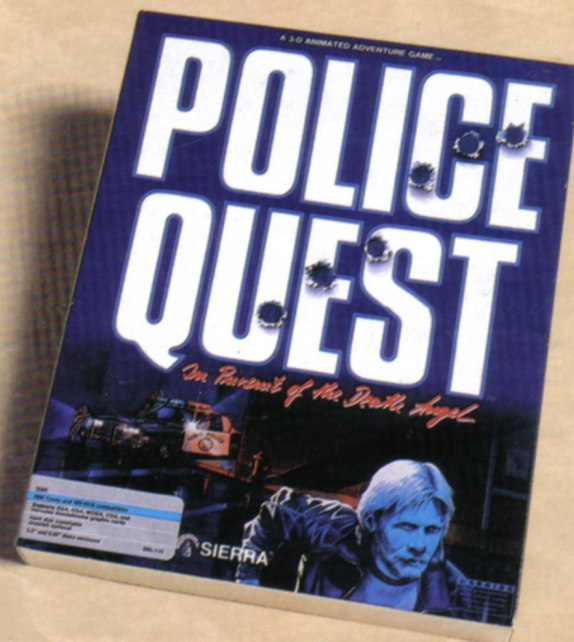

Screaming Sirens And Central Park Shootouts.

"To serve and to protect." Few citizens ever truly appreciate the life of a police officer. Endless investigations, strict adherence to police procedure and the ever-present threat of danger looking you right in the face.

POLICE QUEST is a police action game, filled with car chases, drug traffickers, murderers and random violent crime. But in addition, it's a game of police procedure—undercover investigations, frustrating experiences with our judicial system, even handing out traffic tickets.

POLICE QUEST has so much to it. You'll run across leads that mean nothing, and some that seem like dead ends. You'll try to halt the rising crime wave in your community brought on by the "Death Angel," a major criminal in town who is always in the back of your mind. You'll never know where he'll strike.

You'll be amazed by the brilliant 3-D graphics, simulated crime computer and over 20 city streets (and a major highway) in your jurisdiction. Try POLICE QUEST just once, and you'll be hooked. Great fun, realistic action, one of the hottest games today.

King's Quest

The KING'S QUEST Series brings the wondrous adventure and danger of the mythical kingdom of Daventry to life on your PC screen. This series is so elegantly written and designed, so full of fascinating characters and unexpected surprises, you'll want to relive the experience over and over again. It's like wandering through a three-dimensional storybook alive with brilliant animation. You'll encounter knights, witches, kings and other legendary characters.

Daventry is an enchanted land where rocks, trees, water and sky may hold secrets to great undiscovered treasures. A land where you can talk with kings, ride a magic seahorse, or be turned into a frog by an evil wizard. In your travels playing KING'S QUEST, you'll explore underground caverns, eerie quartz towers and ocean wonderlands.

More than a game, more than an adventure. It's a voyage to a mystical land. A must for the entire family. No wonder it has sold over 100,000 copies and garnered a coveted Gold Seal from *The Software Publisher's Association*.

Embark On A Voyage To The Land Of Myth, Magic And Imagination...

These three remarkable 3-D animation adventure games take you on three different quests.

KING'S QUEST *Quest For The Crown* sets you off on a journey to save the kingdom and prove yourself worthy to inherit the throne from childless King Edward The Benevolent. You'll travel through strange scenes, encounter mythical characters, fly over dangerous passages on the back of a friendly condor, and investigate mystical castles.

KING'S QUEST II *Romancing The Throne* features the exploits of King Graham as he searches for the beautiful maiden who appeared to him in the magic mirror—his most prized possession. The beautiful woman could cure the deep loneliness of the most beloved of kings.

Journey with King Graham, inheritor of the Daventry throne. Help him unlock the secrets that may lead him to the enchanted maiden for whom he longs.

KING'S QUEST III *To Heir Is Human* is perhaps the most challenging of the trilogy. It sends you on a dangerous journey to untangle a twisted tale of a secret heir to King Graham's throne.

KING'S QUEST TRILOGY FEATURES:

- ✓ Animated characters that come alive to walk, run, climb and swim.
- ✓ Incredible 3-D graphics. Characters pass in front of trees, behind rocks, and around one another.

The Original Larry!

Leisure Suit Larry In THE LAND OF THE LOUNGE LIZARDS is an adult-oriented, 3-D adventure into the life of Leisure Suit Larry, a likable little nerd with his hormones in an uproar!

You "put the moves" on your choice of luscious animated beauties you'll find in a variety of interesting places...like a bar, a dance floor, a hot tub, or the back seat of a cab. But the girls don't come to you, you've got to use the right lines...and they're yours.

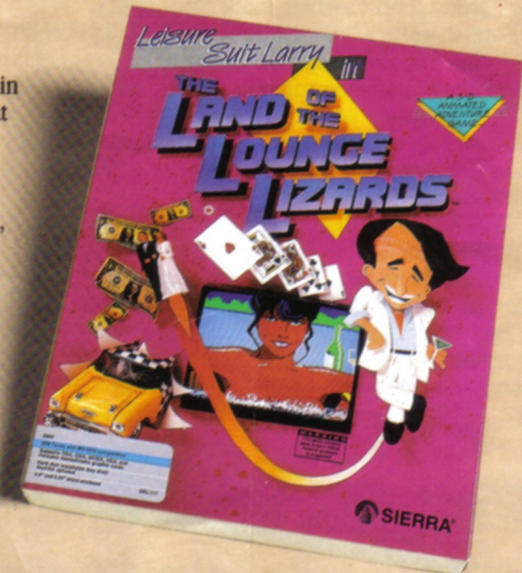

This program, in addition to being good, fast-moving entertainment, is quite technically advanced. It understands over 900 words (some are four-letter words), and allows you to (hopefully) communicate with the lively, well-designed graphic characters that walk, talk, drink, dance...and perform other interesting activities!

Test Your Prowess.

Slip in the disk, and you slip into the persona of Larry, a 40-year-old classic nerd that women avoid like the plague.

Larry wears some 37 gold chains, a cheezy permanent-press leisure suit, and discount do-it-yourself caps for his teeth. Your mission...get Larry a girl...or two girls!

It's a silly, risqué romp through the singles scene and a challenging game of skill. Can you score with the ladies?

The Space Quest Series

Space adventure with an offbeat sense of humor. The SPACE QUEST SERIES makes you—in the persona of Roger Wilco—the hero of these wacky romps through the uncharted reaches of deepest space. You'll defy gravity, pilot many strange spacecraft, do battle with Sludge Vohaul—the most evil (and disgusting) creature in the universe, even catch the show at the Keronian Rock palace!

SPACE QUEST I & II combine to create one of the most innovative, colorful and entertaining software series we've seen.

Oh, by the way, here's a hint: stay away from the humid stenchlands of the jungle planet Labion!

SPACE QUEST I—The Sarien Encounter

You are Roger Wilco—sanitation engineer and involuntary hero. Your mission: safely guide your space ship to your home planet. Your main obstacle: the sleazy, slimy space pirates from the lower East Side—the Sarien Army. You'll encounter strange situations through incredible 3-D graphics, multiple solutions and variable scoring. There are dozens of wild characters you'll speak to in full sentences.

SPACE QUEST II—Vohaul's Revenge

The outrageous misadventure continues! This time, Sludge Vohaul has genetically engineered an army of pushy insurance salesmen which he plans to dump on your planet—it's up to you to stop them.

There are scores of great screens and characters (wait until you see Vohaul's asteroid fortress!) A truly ridiculous space adventure!

Hint Books

Sierra's Hint Books are available for most of the games in this catalog (see order form for details). These books are helpful in "breaking the ice" if you find yourself hopelessly stumped, and can greatly enhance your enjoyment of the Sierra line of entertainment software.

A BRAND NEW TITLE DESTINED TO BECOME A CLASSIC!

Alien Dictatorship!

MANHUNTER: NEW YORK!

This incredible new adventure puts you into a futuristic battle against the alien forces that have seized power over the Earth. This is a superbly scripted mix of horror, humor and suspense—along with some of the finest action sequences ever seen. Sierra's new command system means almost no typing!

This dark vision of our planet's future evolves around a New York City detective two years after the alien invasion and consequent world takeover.

Our detective is contracted by the alien dictatorship to track human activities and report subversive behavior.

GOOD OR EVIL?

MANHUNTER: NEW YORK! allows players to choose allegiance between good and evil as the story progresses.

You'll make critical decisions and moral choices throughout the game as a player's character becomes either a destructive Manhunter or a supporter of the human underground. Using actual New York City

map screens, you'll travel through haunting locations that are replicas of post-holocaust Manhattan. And this new blockbuster contains the wildest, most innovatively animated characters of any PC adventure software.

FEATURES

- ✓ Over 250 Screens, Including Realistic On-Screen Maps Of New York City
- ✓ Innovative Cinematic Effects—Zooms, Close-Ups, Special Animated Windowing Effects.
- ✓ Unique Command System—Almost NO TYPING!

You'll travel to many strange alien hangouts as you attempt to infiltrate their ranks.
