BATTLEDROME CD RELEASE NOTES

The following information updates your *Battledrome* manual for the CD version.

System Requirements (page 5)

In addition to the other system requirements, *Battledrome* CD requires a CD-ROM drive for installation. The entire game will be installed to the hard disk, however, so you do not need to insert the CD to play.

Installing *Battledrome* CD (page 6)

1. After starting your PC, insert the *Battledrome* CD in your CD-ROM drive.
2. At the DOS prompt, type the CD-ROM drive name (usually D:) and press [Enter].
3. Type **install** [Enter].
4. Follow the on-screen instructions.

BATTLEDROME™

Product Demos

Included on the *Battledrome* CD are playable demos of the *EarthSiege* and *Aces of the Deep* simulations from Dynamix. After installation, both demos play from the CD.

To install the *EarthSiege* robotic warfare simulation demo, first insert the *Battledrome* CD. From the DOS prompt, change to your CD drive (usually **D:**), and type **esdemo** [Enter]. This installs some files on your hard drive (default directory is C:\DYNAMIX\ESDEMO). On your hard drive, start the demo from the \ESDEMO directory by typing **demo** [Enter]. Open the README file for game play information.

To install the *Aces of the Deep* U-boat simulation demo, first insert the *Battledrome* CD. From the DOS prompt, change to your CD drive (usually **D:**), and type **aoddemo** [Enter]. This installs some files on your hard drive (default directory is C:\DYNAMIX\AODDEMO). On your hard drive, start the demo from the \AODDEMO directory by typing **demo** [Enter]. Open the README file for game play information.

ImagiNation Network Sampler

Also included on the CD is a "sampler" for the ImagiNation Network (INN). The INN is the premier interactive on-line entertainment service. If you have a modem, you can connect your computer to INN and play games with people from all over the country. This sampler allows you to access the network and offers a limited membership. To install it, insert the *Battledrome* CD, change to your CD drive (usually **D:**), type **fun** or **inn** [Enter], and follow the on-screen instructions.
