Dear *SierraOriginals* Customer,

You hold in your hands a part of computer gaming history. All these titles have the original storyline and technological innovations that have helped define and create the PC-Gaming industry as it appears today. Consider these titles as pictures in a scrapbook - a snapshot of history that has helped to evolve the computer gaming industry. All of the *SierraOriginals* titles have been kept in their original form. No attempt to modernize or improve the game was made with these titles in order to maintain the sense of nostalgia.

Some of the CD's may contain a PATCH directory. To determine if your program has a PATCH program, go to your CD-ROM prompt in DOS (i.e., your D:\> assuming your CD-ROM drive is labeled D) and type:

DIR <ENTER>

If the directory listing has a [PATCH] option, then you will need to add these patch files into the game directory after installing the game to your computer. For example, if you installed King's Quest V, and you noticed a directory called [PATCH], you would use the following command to copy the patches into the KQ5 directory:

COPY D:\PATCH*. * C:\SIERRA\KQ5<<ENTER>>

NOTE - the above example assumes that your CD-ROM is labeled as your D drive, and you installed the game to your C

hard drive into the directory \SIERRA\KQ5. Please substitute the correct path information in the example above.

Windows '95 users may also have to play the game under DOS, since many of the titles are true DOS games and were created before Windows '95 was released. When using Windows '95, you can re-start your computer in a true DOS mode by clicking on the START button, selecting the SHUT DOWN option, and selecting the "Restart the computer in MS-DOS mode?" item.

Finally, many of these products were released before many of the high quality sound cards such as the AWE 32, Gravis Ultrasound and Ensoniq SoundScape have been released. When selecting an audio/music option for the game, your best bet is to select the AD-LIB option.

On behalf of Sierra On-Line, thank you for purchasing this *SierraOriginals* product. We appreciate the opportunity to share our history with you and your entire family!

Respectfully,

Gary Brown
Corporate Quality Assurance
