Okay, Spawn of America, turn off those beepers and empty your bladders 'cause it's time to play the one, the only... **HeadRushTM**. Get a load of these questions...

If Xena were xenophobic, what would she be afraid of? If you had a "gross" of gross stuff, what would you have? Do you have

to have really good SATs to get into the Electoral College? What is Ice Cube's favorite beverage? Which character on "Friends" is most likely to get stuck in a kangaroo pouch? What does Green Day have to drink so they really turn green? If Puffy Combs changed his name to the puffiest cloud, would would he be called? What do a former U.S. President and Hanson have in common?

HeadRush™ is wicked fun to play alone or with a couple of friends, so gronk up your gigasnips and read on for more tasty details...if you must.

WARNING:

This product contains immature content, loud bodily noises, and a smattering of mildly saucy language with references to music, TV shows and movies that will definitely not be suitable for most geezers.

Besides, they won't get it anyway.

System Requirements

Microsoft® Windows® 95 and Windows® 98

To play HeadRush on a Windows PC, you must have:

- Windows 95 or Windows 98
- 486DX 66MHz processor or faster (Pentium® recommended)
- 16MB RAM
- · 30MB of free hard disk space
- ◆ 2X (or faster) CD-ROM drive
- ◆ Video display capable of at least 640x480 resolution with 256 colors
- ◆ SoundBlaster 16 or compatible 16-bit multimedia sound card

HeadRush does not run on any 386 or earlier CPUs.

Apple® Macintosh®

To play HeadRush on a Macintosh, you must have:

- Any 68040-based Macintosh or better
- System 7.1 or later release of the Macintosh OS
- ◆ 16MB free RAM
- · 30MB of free hard disk space
- 2X (or faster) CD-ROM drive
- SoundManager 2.5 and Sound Control Panel 8.0.5 (included)
- Video display capable of at least 640x480 resolution with 256 colors

HeadRush does not run on 68030 or earlier CPUs.

Installing HeadRush

Installation and Anti-Virus Software

Macintosh and Windows anti-virus software and Windows TSRs (Terminate Stay Resident programs) can interfere with installation. Before installing **HeadRush**, disable all anti-virus software and TSRs on your computer. To disable your anti-virus software, consult the documentation which accompanies your anti-virus software.

Windows Installation

There are two ways to install HeadRush on Windows.

If you have the Windows Autoplay feature turned on, follow these instructions:

- Insert the HeadRush CD-ROM into your CD-ROM drive and the installer will start automatically.
- Follow the on-screen prompts to complete the installation.

If you do not use Autoplay, follow these instructions:

- Insert the HeadRush CD-ROM into your CD-ROM drive and use the Explorer to browse the contents of the CD-ROM (the CD-ROM drive is usually drive D:). Double-click the icon play.exe.
- Follow the on-screen prompts to complete the installation.

Starting HeadRush on Windows

Once installation is complete, you can start the game by:

- Selecting HeadRush from Sierra program group on the Windows Start menu.
- Double-clicking on the play.exe icon located on the HeadRush CD-ROM.
- Double-clicking on the Headrush.exe icon in the \Sierra\HeadRush\
 directory.

You *must* leave the **HeadRush** CD-ROM in the CD-ROM drive to play the game.

Uninstalling HeadRush on Windows

You can uninstall HeadRush by:

- Selecting Sierra Utilities from the Windows Start Menu. Choose the Uninstall option and follow the instructions.
- Launching the Add/Remove Program from the Windows Control Panel and choosing to remove **HeadRush**.

Macintosh Installation

To install HeadRush on a Macintosh, follow these instructions:

- Insert the HeadRush CD-ROM into your CD-ROM drive and wait for the HeadRush window to open.
- ◆ Launch the Double-Click Me! icon.

The installer copies the game software to your hard drive. It also updates several system extensions if older versions are found. If the installer copies extensions to your Macintosh, the installer will notify you that your Macintosh needs to be restarted before you can play HeadRush.

Starting HeadRush on Macintosh

Once your Macintosh restarts, double-click on the Double-Click Me! icon from the CD-ROM.

You must leave the HeadRush CD-ROM in your CD-ROM drive to play the game.

Uninstalling HeadRush on Macintosh

To remove **HeadRush** from your Macintosh, select the folder from your hard drive and drag it to the Trash. Select "Empty Trash" from the Special menu.

Playing HeadRush

HeadRush can be played by 1, 2 or 3 players.

When the game starts, our very own Baby Diva will ask for your name. Red is always the first player or the one sitting on the left side of the keyboard. Green is always the player in the middle or a single player. Blue is always the player sitting on the right side of the keyboard. After you enter your name and select your player icon, Baby Diva will assign you a buzzer.

Red uses the letter ${\bf Q}$ to buzz in, Green uses the letter ${\bf B}$, and Blue uses the letter ${\bf P}$. Inside the box you'll find some spiffy stickers that you can slap on your keyboard to help remind you!

Bob, the Host, will then run the instructions by you. If at any time in the game you want to skip the instructions, press S. He won't be insulted.

When Bob asks you to choose a category, press 1, 2 or 3 to pick one, but you gotta act fast or he'll pick one for you!

Okay, but HOW DO YOU PLAY? We're getting to that. It's pretty easy. The first player to buzz in gets first crack at the question and the cash. If you get it right, you get rich. But if you get it wrong, we're snagging away some of that green stuff.

All questions are timed. Buzz in before the timer runs out — and no stalling allowed in this game. If you're far in the lead, **Don't Be a Wimp**TM or you'll find yourself at the mercy of a rabid crowd.

Each game is 11 questions, but you can keep racking up your score and have a real grudge match if you press the **C** key to **"continue playing"** at the end of the game. So, if you finished the first game with \$40,000, you can keep that money and add to it in the next round. Keep shooting for the Big Bucks 'cause you never know what SURPRISES we have in store for you! That's all we're gonna say.

Bite Your Neighbor™

If you don't know the answer to a question, why not Bite Your Neighbor? In a 2 or 3 player game, you'll get your very own set of choppers. If you've got a real tough question, you can force another player to answer it by buzzing in and then hitting the Spacebar. Then you bite someone by hitting their buzzer. They've gotta answer the question or get chomped by the teeth! It's pure evil!

HeadRush has seven different kinds of questions: Multiple-Choice, DisOrDat[™], Fill in the Blank, HeadButt, Trash Talkin' with Milan, Old Man's Moldy Memories, and HeadRush[™].

The Multiple-Choice Question

Multiple-Choice questions are exactly what you think they are. They're worth \$10,000, \$20,000 or \$30,000, depending on the difficulty.

Check out this ridiculous example:

If actress Halle Berry changes her name to "Halitosis" Berry, what product might we see her sponsor?

- 1. Clearasil TM
- 2. Head and Shoulders™
- 3. ScopeTM
- 4. Pampers[™]

If you think you know the answer to this question, hit your buzzer key quickly (Q, B or P) and choose your answer by pressing the 1, 2, 3 or 4 key. Get the question right, you get the cash. Get it wrong, you lose the cash. Got it?

Hint: the answer is 3. Halitosis is stanky breath.

The DisOrDat™ Question

When you've got a DisOrDat question, you've got the keyboard to yourself. You'll get a list of 7 clues and you've got to figure out if they're one thing or another. It's deceptively simple. Check out this example:

I'm gonna read off 7 names and for each one I want you to tell me if it's a rapper, a beverage or both. If it's a rapper, press "1." If it's a beverage, hit "2." If the answer is "both," press "3." To skip, press "4."

- 1. You HooTM
- 2. Coolio™
- 3. Sunny DTM
- 4. Kool-Aid™
- 5. MC Lyte™
- 6. Dr. Pepper™
- 7. Dr. DreTM

For each of these seven clues, you get cash for a correct match and lose cash for a wrong answer. You also lose cash for a clue you don't answer — so you gotta be fast or the monkey gets the banana (you'll see). Each of the seven clues is worth \$5,000.

The Fill in the Blank Question

Unlike multiple choice questions, Fill in the Blanks do not have answers that you can choose from. To answer, you buzz in, type the right answer and hit the **Enter** or the **Return** key. Here's an example:

So, tell me what you want, what you really, ____ want.

If you know the answer, buzz in and then type...

really

Type carefully — we're forgiving of some typos but you gotta be in the ballpark.

The HeadButt Ouestion

When you see the guy playing the bongos with his butt, there can only be one thing in store for you — a HeadButt! It's a word equation and the starting value is \$50,000, but every second and a half that you don't answer, we take a little bit of moola away.

You'll see an equation that looks like this:

color of pickles + opposite of night

Add 'em together and what do you get?

Green Day

Get it? The color of pickles is "green" and the opposite of night is "day."

If you don't get it right away, we'll give you some clues — but remember, the more time you take, the less money you make. Also, my friends, there's absolutely no biting allowed in a HeadButt...for obvious reasons.

Trash Talkin' with Milan

From time to time, you'll be visited by our good friend Milan the Janitor. He's taking English classes at night and likes to share his newfound knowledge with Bob, the host. Be prepared for some challenging and somewhat disgusting questions — what we like to call "gross grammar." Milan likes to work in the multiple choice format.

Old Man's Moldy Memories

The Old Man is another special guest host who will come around from time to time. See, the Old Man's been around so long he predates the dinosaurs. We hear he was around before water! With all that knowledge and know-how, we thought we'd give him his very own show. Thing is...the Old Man can't always remember the names of things. So, he'll give you clues and you have to buzz in and help him remember the answer.

You'll get some clues like this:

OOOH! What was the name of that movie? It stars that Fresh Prince guy...
It's got lots of aliens and stuff...
He wore really cool sunglasses...
Wrote a rap song that's also the title...
What was it called????

Still don't know the answer? What, do you live in a cave? Try this:

"Men in BlackTM"

Trust us, they're not all this easy!

The HeadRush™ Question

The HeadRush is the last question of every game. Basically, it can make or break you, so keep on your toes. Each right answer is worth \$5,000 and each wrong answer takes \$5,000 away. Pretty steep.

The HeadRush is an intense matching game. Once you're given a clue, you've got to find the link or match between two phrases or words. It's easier to describe with an example. Let's say you're given a clue like "Won't You Be My Neighbor?" In a HeadRush, a word will zoom out from the center of the screen as potential matching words zip by. In this case, the name Homer Simpson flies out. You might see the following items fly out past it — Lisa, Krusty, Kwik-i-Mart — but once you see Ned Flanders, buzz in immediately!

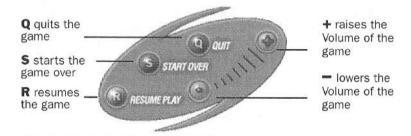

Homer's neighbor is, of course, Ned Flanders, so you'd get that one right to the tune of five grand.

Be careful! Don't get psyched out by decoy answers!

Each HeadRush has seven matches. Buzz in at the right time with the right match and you've got it made. Remember, you can buzz in as often as you like, but every time you're wrong, that's another \$5,000 in the hole!

Game Options Screen

Press the **ESC** key at any time to pause **HeadRush** and access the Game Options Screen. When **HeadRush** is paused, the Game Options Screen shows five choices:

Simply press a key to make your choice. You can also raise and lower the volume with the **Up Arrow** and **Down Arrow** keys, respectively.

Remember, at the end of the game, you can continue to rack up scores by pressing ${\bf C}$ to continue. HeadRush will restart with the same scores and players. Or you can press the ${\bf S}$ key to start a new game with new players or the ${\bf Q}$ to quit the game.

Troubleshooting

For more information check out the README file on the **HeadRush** CD-ROM. If you're still in a jam, call, write or e-mail our technical support team. Contact information can be found on page 21 of this manual.

And, let's get something straight. Choosing wrong answers all the time is **your** problem.

Windows

If you experience stuttering sound or video, decrease the sliding CD-ROM read-ahead cache. To change this setting, select the System Control Panel, choose the "Performance" tab and click on the "File System Properties..." button. Set the slider to "Small" and the pop-up menu to "no read-ahead."

If you experience problems with your video display, make sure that you are running in 256-color mode.

Macintosh

If you are having problems installing or playing **HeadRush**, try turning off all unnecessary extensions.

To play **HeadRush**, you need Sound Manager 2.5 (or better), Sound Control Panel 8.0.5 (or better) and Apple CD-ROM (or software for your CD-ROM).

If you experience choppy sound, make sure Virtual Memory is turned off. To do this, select "Memory" from the Control Panels folder and click the "off" position in the "Virtual Memory" section. If that doesn't work, try rebuilding your desktop twice by holding down the **Command** and **Option** keys during start-up, or trashing the Sound Preferences item by dragging it from the Preferences folder in the System Folder to the Trash and emptying the trash. The Sound Preferences will rebuild itself the next time you open the Sound Control Panel.

Are You Pissed About a Question?

Each and every fact expressed in **HeadRush** was carefully researched and verified by our crack team of writers and found to be correct at the time of publication. Now, we're not saying that we're perfect, but we really really tried our very gosh darn best to come close.

If you feel that one of the questions in the game is somehow incorrect or false and you want to gripe about it, feel free to express yourself by sending email to impissed@jellyvision.com or snail mail to this address:

I'm Pissed About a HeadRush Question Jellyvision, Inc. 848 W. Eastman Suite 104 Chicago, Illinois 60622

If your letter is especially entertaining, we'll post it in our kitchen so we can laugh and laugh and laugh until milk comes out of our noses.

If you have other comments or questions about **HeadRush**, please contact Sierra's Customer Service or Technical Support.

This game is for entertainment purposes only. In the event that you have swallowed or ingested the CD-ROM, please contact your local poison control center immediately.

License

This is a legal agreement between you and Berkeley Systems, Inc. By opening the sealed software disk accompanying this manual, you are agreeing to be bound by the terms of this Agreement. If you do not agree to the terms of this Agreement, promptly return the unopened software disk package and the accompanying materials (including all accompanying documentation and containers) to the place you purchased them for a full refund.

LICENSE GRANT, Berkeley Systems, Inc., grants you a non-exclusive, nontransferable license to use one copy of the **HEADRUSH** software program (the "Program") on a single terminal connected to a single computer, subject to the terms and restrictions set forth in this Software License Agreement. You may not use the Program on more than one terminal of a network, on a multi-user computer, on a time-sharing system, on a service bureau, or on any other system on which the Program could be used on more than one computer at any time.

COPYRIGHT. The Program, including its graphic displays and accompanying documentation, are owned by Berkeley Systems, Inc. The Sound effects, music, and content are owned by Jellyvision, Inc. The Program, including its graphic displays, sound effects, music, and content as well as the accompanying documentation are protected by United States copyright laws and international treaty provisions. All rights are reserved. You must therefore treat the Program and accompanying documentation like any other copyrighted material (e.g., a book), except that you may either (a) make one copy of the Program solely for backup or archival purposes, or (b) transfer the Program to a single hard disk, provided you keep the original solely for backup or archival purposes.

ADDITIONAL RESTRICTIONS. You may not reproduce, prepare derivative works based upon, distribute copies of, offer for sale, sell, transfer ownership of, rent, lease or lend to others the Program or accompanying documentation, or any portion or component of the Program or accompanying documentation; provided, however, that you may transfer the entire Program and accompanying documentation on a permanent basis as long as you retain no copies (including archival or backup copies) of the Program, accompanying documentation, or any portion or component of the Program or accompanying documentation, and the recipient agrees to the terms of this Agreement. Further, you may not modify, reverse engineer, disassemble, decompile or translate the Program or accompanying documentation, or any portion or component of the Program or accompanying documentation, nor may you make any copies of Program modules for use with other programs. The Program is intended for private use only.

COMMERCIAL USE, PUBLIC EXHIBITION, PUBLIC DISPLAY, PUBLIC USE, PUBLIC PERFORMANCE OR PUBLIC DEMONSTRATION OF THE PROGRAM, OR ANY COMPONENT OR PORTION THEREOF, IS STRICTLY PROHIBITED WITHOUT THE EXPRESS WRITTEN CONSENT OF BERKELEY SYSTEMS, INC.

The license is effective until terminated. You may terminate this license at any time by destroying all copies (including backup or archival copies) of the Program. This license will also terminate if you fail to comply with any of the terms and conditions of this Agreement. This Agreement constitutes the entire agreement and understanding between the parties and supersedes any prior agreements, representations or understandings, whether oral or written, relating to the Program. This Agreement is governed by the laws of the State of California.

Limited Warranties and Copyrights

Berkeley Systems, Inc., warrants that the manual and the original program disc is free from physical defects in material and workmanship under normal use for a period of sixty days from the date of purchase. If during this warranty period you discover that either this manual or the Program disc contains a physical defect, return the defective item along with proof of purchase to Berkeley Systems and you will receive a replacement at no charge. This is your sole and exclusive remedy for breach of warranty.

THE WARRANTY SET FORTH ABOVE IS EXCLUSIVE AND IN LIEU OF ALL OTHERS, ORAL OR WRITTEN, EXPRESS OR IMPLIED. BERKELEY SYSTEMS MAKES NO WARRANTY OR REPRESENTATION, EXPRESS, IMPLIED OR STATUTORY, WITH RESPECT TO THIS PROGRAM, ITS QUALITY, PERFORMANCE, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THIS PROGRAM IS SOLD "AS IS," AND YOU, THE LICENSEE, ARE ASSUMING THE ENTIRE RISK AS TO ITS QUALITY AND PERFORMANCE.

IN NO EVENT SHALL BERKELEY SYSTEMS BE LIABLE FOR DIRECT OR INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THE PROGRAM OR FROM ANY ERROR OR DEFECT IN THE PROGRAM OR ITS DOCUMENTATION. SUCH DAMAGES INCLUDE, BUT ARE NOT LIMITED TO, LOSS OF PROFIT, LOSS OF PROGRAMS OR DATA, AND DAMAGE TO YOUR MONITOR. IN NO EVENT SHALL BERKELEY SYSTEMS'S LIABILITY EXCEED THE PRICE PAID FOR THE PROGRAM.

The above exclusions may not apply to you. This warranty provides you with specific legal rights. There may be other rights that you may have which vary from state to state.
