Hoyle® Classic Card Games

Thank you for buying **Hoyle Classic Card Games**, and welcome to our guide to card-game history! It's our goal to deepen your appreciation of the games you love to play, and maybe surprise you with the odd twists and turns these games have taken through the centuries. **Hoyle Classic Card Games** represents the most advanced computer technology with its beautiful graphics and engaging gameplay, but the games themselves belong to history.

What you *won't* find in these pages is an explanation of how to use the **Hoyle Classic Card Games** interface. You'll find everything you need to know to play any of the Hoyle card games on the CD itself, in the Help file. Sure, in this book we do include the rules for each game, but you probably knew those already (these are, after all, the classics!). The rules are also available in Help, of course.

If you've enjoyed these timeless pastimes, we hope you'll also check out **Hoyle Classic Board Games**, which includes 10 all-time favorites: Backgammon, Battling Ships, Checkers, Chess, Chinese Checkers, Dominoes, Pachisi, Snakes & Ladders, Yacht, and Zen Bones. (We've even thrown in two surprise card games!) You'll find the same breathtaking graphics in **Hoyle Classic Board Games**, as well as the same challenging gameplay and easy-to-use interface. Ask for it at your local software dealer, or call us directly at (800)757-7707 (Monday through Saturday 7am to 11pm CST, Sunday 8am to 9pm CST).
